

LIST OF MAIN CLIENTS

Client: **Outotec**
Year: **2014**
Installation site: **Australia**
Project: n.1 x 810 m3 cement storage

Client: **Enel Endesa**
Year: **2014**
Installation site: **Spain**
Project: Plant for the production of Limestone Slurry

Work in progress

Client: **Outotec**
Year: **2014**
Installation site: **Australia**
Project: n.1 x 320 m3 slag storage

Client: **Meccanica Industriale SRL**
Year: **2014**
Installation site: **Italy**
Project: n.1 x 320 m3 cement storage

Delivered and installed

Client: **TBS Transportbeton Serv. GmbH**
Year: **2014**
Installation site: **Germany**
Project: n.2 x 455 m3 cement storage

Client: **Intercem Engineering GmbH**
Year: **2014**
Installation site: **Uganda**
Project: n.4 x 810 m3 cement storage

Delivered and installed

Client: **LCC Norcem Kola - Heidelberg Group**
Year: **2014**
Installation site: **Russia**
Project: n.3 x 1795 m3 cement storage

Client: **HC Trading Italia**
Year: **2014**
Installation site: **Italy**
Project: 3090 m3 cement storage

Client: **Cata Beton s.r.l.**
Year: **2014**
Installation site: **Italy**
Project: 6180 m3 cement storage

Client: **OAo Kirovsky SSC**
Year: **2013**
Installation site: **Russia**
Project: 1480 m3 cement storage plant

Client: **UC Ltd**
Year: **2013**
Installation site: **Malta**
Project: 5.100 m3 cement storage plant

Client: **Sbk**
Year: **2013**
Installation site: **Belarus**
Project: n.6 x 410 m3 silos for cement storage

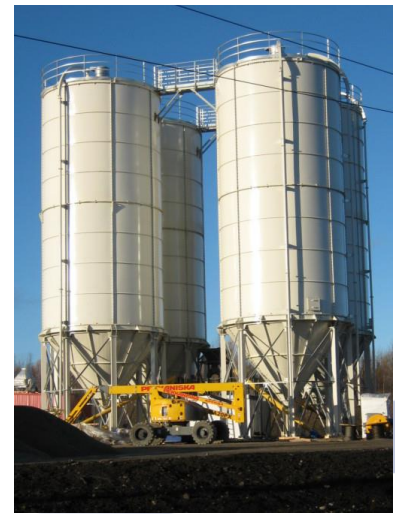

Client: **TBS Transportbeton Serv. GmbH**
Year: **2012**
Installation site: **Germany**
Project: n.2 x 320 tons silos for cement Storage

Client: **Razel - CMC**
Year: **2012**
Installation site: **Algeria**
Project: n.4 x 1500 tons silos for cement storage

Client: **Prom Detal**
Year: **2012**
Installation site: **Siberia**
Project: n.4 x 550 tons silos for cement storage

Client: **Techorgprojekt**
Year: **2012**
Installation site: **Russia**
Project: n.1 x 900 tons silos for cement storage

Delivered and installed

Client: **Consorzio Construtor Belo Monte**
Year: **2012**
Installation site: **Brasil**
Project: n.20 x 1200 tons silos for cement storage

Client: **Techorgprojekt**
- Year: **2011**
Installation site: **Russia**
Project: 600 tons silos for cement storage

Delivered and installed

Client: **Gorka Cement – Gruppo Mapei**

Year: **2011**

Installation site: **Poland**

Project: Engineering, production and installation of 6.800 tons storage plant, cement cooling and handling system, bucket elevators, unloading points, integral insulated cover, automation.

Turnkey project.

Client: **Seredil**

Year: **2011**

Installation site: **Italy**

Project: 4.110 tons silo

Client: **Heidelberg Cement Klaipeda**

Year: **2011**

Installation site: **Lithuania**

Project: 2.000 tons cement storage plant

Client: **Ghielm Import**

Year: **2011**

Installation site: **Switzerland**

Project: 2.420 tons cement storage plant – centralized silo loading system – 3 x 100 ton/h unloading points

Client: **OOO Wjatska Porto di Fiume**

Year: **2011**

Installation site: **Russia**

Project: 980 tons silos for cement storage

Client: **Seredil**
Year: **2010**
Installation site: **Italy**
Project: Mobile system for the cement transfer from vessel to tankers

Client: **SBS Steel Belt System Srl**
Year: **2010**
Installation site: **Serbia**
Project: Sulfur storage and handling system – comply with ATEX regulation

Client: **Maya Enterprise Inc**
Year: **2009**
Installation site: **Costa Rica**
Project: 2.700 tons cement storage plant + plant for cement unload on tankers

Client: **Enel**
Year: **2009**
Installation site: Port of Civitavecchia (Roma) – Italy
Project: Shiploader – capacity 400 ton/h of wet ash and gypsum

Client: **Kovako Materials Handling B.V.**

Year: **2009**

Installation site: **Nigeria**

Project: 16.000 tons storage plant

Client: **Holcim Marocco – Gruppo Holcim**

Year: **2008**

Installation site: **Morocco**

Project: 8.000 tons cement storage plant

Client: **Salini Costruttori**

Year: **2007**

Installation site: **Uganda**

Project: 3.600 tons silo battery

Client: **A.C. S.p.A**

Year: **2007**

Installation site: Port of Gaeta (LT) – **Italy**

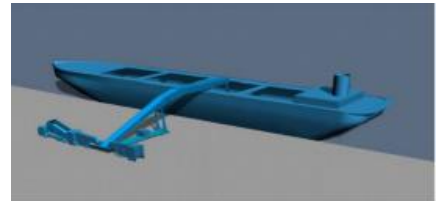

Project: Mobile system for the cement transfer from vessel to tankers

Client: **Rolcim SpA – Holcim Group**
Year: **2006**
Installation site: Porto di Marghera (VE) - **Italy**
Project: 15.000 tons cement storage plant

Client: **Enel**
Year: **2006**
Installation site: Brindisi – **Italy**
Project: Shiploader – capacity 400 ton/h of wet ash and gypsum

Client: **C.M.C. Ravenna**
Year: **2005**
Installation site: **Algeria**
Project: 2.600 tons cement storage plant

Client: **Enel**
Year: **2005**
